TATTOO AFTERCARE

LISTEN TO THE ARTIST

Stick to the aftercare regime your artist gave you. NOT friends or strangers.

WASH YOUR HANDS

Wash hands thoroughly with soap + water before unwrapping or touching the tattoo.

REMOVE WRAP

Remove wrap or dressing. If using dressing film your artist told you how long to keep it on. Usually 24 hours for the first day.

WASH THE TATTOO

Wash the tattoo gently with fragrance free soap.
DO NOT SCRUB.

DRY WITH CLEAN TOWEL

Gently dry the tattoo with a CLEAN towel. Don't cover with any cling film. The tattoo needs to breath.

APPLY OINTMENT

Apply a thin layer of ointment that the artist recommended. If using breathable dressing film (like Saniderm) apply 2nd piece of film.

THE DO's

- Keep the tattoo away from dirt + risk of infection.
- See a doctor at the first sign of infection.
- Allow the tattoo to breathe. DON'T RE-WRAP WITH CLING FILM OR PLASTIC FILM.

THE DON'Ts

- Don't swim or soak in water.
- Don't go to the beach.
- Don't let anyone else touch your new tattoo.
- Don't pick or scratch
- Don't expose to the sun.
- Don't use saunas or hot tubs.

CONTACT THE STUDIO IF YOU HAVE ANY QUESTIONS : (941) 243-3048

NOT MEDICAL ADVICE. SPEAK TO YOUR TATTOOIST OR DOCTOR.

PROOF

1 LISTEN TO YOUR PIERCER

Stick to the aftercare regime your piercer gave you. NOT friends or strangers.

2 WASH YOUR HANDS

Wash hands thoroughly with soap + water before touching your new piercing.

3 SALINE SPRAY

Either spray the saline directly on the piercing to liberally flush the piercing, or soak a non-woven gauze in saline and apply that to the piercing.

*Check the piercing to make sure it's still tight! Remember "righty tighty, lefty loosey."

THE DO's

- Always wash hands before and after touching new piercings.
- Leave the jewelry in for six + eight weeks before changing.
- Come see us or a doctor at the first sign of infection.

THE DON'Ts

- DON'T change your piercing prematurely & follow the instructions you piercer gave you.
- DON'T spin + Twist the jewelry or move it back and forth. Not even while cleaning.
